

Overhaul Vacancies

Gladstone Power Station

NRG

NRG Gladstone Power Station is seeking casual labour for the upcoming overhaul of Unit 5, commencing 16 March 2012 for approximately 7 weeks. Employee Relations shall commence workforce selection immediately for the following positions:

- **Mechanical Fitters**
- **Boilermakers**
- **Electricians**
- **Plant Services Employees (PSE's)**

PSE's are required to provide support in a range of maintenance activities across site to ensure the reliability and availability of station plant and equipment. Certification in Forklift, Rigging, Dogging, EWP and operation of Gantry Crane plus experience in heavy industry will be highly regarded.

All applicants must have completed the General Safety Construction Induction - White Card and all statutory refresher training for relevant tickets and licenses (i.e. Rigging, Dogging and Cranes).

Previously employed NRG Specific Task or Temporary employees are requested to notify NRG of their availability by contacting Julie Evans - Employee Relations on 4976 5211.

Application Forms are available by downloading from the NRG website, www.nrgg.com.au, NRG Reception or NRG Security Gate.

Please forward the application form and resume together with copies of qualifications and tickets to

**Employee Relations Department,
PO Box 5046, Gladstone 4680
or email to employeerelations@nrgg.com.au**
